

Opscode is the leader in cloud infrastructure automation.

We help companies of all sizes develop fully automated server infrastructures that scale easily and predictably; can be quickly rebuilt in any environment, and save developers and systems engineers time and money. Opscode's team is comprised of web infrastructure experts responsible for building and operating some of the world's largest websites and cloud computing platforms.

Opscode is proud to be a Silver sponsor of the 2012 SCALE 10X conference, and to support the next generation of open source enthusiasts.

Visit our booth for what's next in the cloud.
