servers DIRECT

1.800.576.7931 / WWW.SERVERSDIRECT.COM

Founded as one of the first companies to deliver white box Intel server solutions. Servers Direct® is an innovative provider of an extensive variety of computer solutions. We completely customize our machines to match your individual needs. Our online quoting and ordering system has more customizable options than any other system builders on the web. We offer a wide range of “best in class” brand selections in order to give our clients as many options as possible.

servers  **DIRECT™**

Servers Direct® has provided the server market with quality product for years. We take quality seriously, that's why all Servers Direct server systems are manufactured under ISO 9001:2000-certified processes.
